Hobart Welder With Chrysler Engine

I recently acquired an old Hobart 6 cylinder gas driven 300 amp welder but can’t get any output from it. No a.c. power, no d.c. power, no welding power. I have been all over it with a volt meter and can only measure very minimal voltages from the leads coming out of the generator, and basically nothing from the 115 volt or 220 volt outlets. The ...
