The wiring mess (: Johtonippu) is an item that can be found inside the garage at home. It is used to wire up Satsuma's critical components as well as accessories. Wires can be attached by holding the wiring mess on top of a part/connector, pressing F when the check mark icon appears, then holding it on top of another part/connector and doing the same. There are a total of 26 wires that can be ...

Wiring mess | My Summer Car Wikia | Fandom

Wiring diagrams are one of the most common these days with all the added electronics. The bells and whistles tend to break the most often. Vacuum diagrams are less common but still viable with the controlling of the air conditioning and heating systems on older cars and a few components on newer cars. Belt diagrams come in handy when replacing ...
